

# Green Roofs for the West SYMPOSIUM

THURSDAY, JUNE 17, 2010, 8 A.M. – 5 P.M.

How can green roofs lead us to a future of more sustainable cities in the challenging climate of the west? Join us for an intensive, in-depth program that goes far beyond the basics. Perfect for architects, landscape architects, facility managers, policymakers, energy specialists, engineers and horticulturists.

The Green Roofs for the West Symposium will feature a full day of sessions presented by leading green roof experts and designers responding to regional issues like our semi-arid climate and the important issue of water.

Out of town speakers from the US, Mexico, and England include:

- **John Greenlee**, owner of Greenlee Nursery and author of *The American Meadow Garden*
- **Claudia Harari**, Principal, Harari Arquitectos, Mexico

- **Jeffrey Bruce**, landscape architect, Kansas City; project manager of Lurie Garden at Millennium Park in Chicago and TWA building in Kansas City
- **Nigel Dunnett**, co-author of *Planting Green Roofs and Living Walls* and director of the graduate research school at the University of Sheffield
- **Susan Weiler**, FASLA, co-author of *Green Roof Systems* and Partner at the Landscape Architecture Firm, Olin Studio
- **Host: Panayoti Kelaidis**, Senior Curator and Director of Outreach, Denver Botanic Gardens

The Symposium offers a maximum of 6 general Continuing Education (CE) Hours for LEED Professionals through GBCI's Credential Maintenance Program; AIA and ASLA Continuing Education credits also available.
